*Mazuma may make eligible incoming electronic direct deposits made through Automated Clearing House (ACH) available for payment up to two days before the scheduled payment date at no cost to you. Not all direct deposits are eligible for early direct deposit.

Electronic direct deposits NOT made through the Automated Clearing House (ACH) such as deposits of funds from person-to-person payment services (e.g., Cashapp, Venmo, or PayPal transfers), check or mobile deposits, and other online transfers or electronic credits are not eligible.

Early availability of direct deposits is not guaranteed and may vary from deposit to deposit. Whether we make funds available early depends on the timing of the submission of the payment file from the payer, the payer instructions, any limitations we set on the amount of early availability, and standard fraud prevention screening.
